RITURAJ KUMAR

Full Stack Developer

Ghaziabad, Uttar Pradesh - 201009 | +91 9507091174 | rituraj kumar.dev@gmail.com | https://github.com/RiturajKumarDev | https://www.linkedin.com/in/rituraj-kumar-dev | https://portfolio-rkd.vercel.app |

PROFESSIONAL SUMMARY

Software Developer with practical experience building responsive, full-stack web applications. Skilled in leveraging React.js and Node.js to build dynamic user interfaces, deploy secure RESTful APIs, and manage scalable databases for high-performance digital solutions.

TECHNICAL SKILLS

- React.js, HTML5, CSS3, JavaScript, Responsive UI Design
- Node.js, Express.js, RESTful APIs
- MongoDB, Firebase, MySQL
- Java, Python, Structured Query Language (SQL), C/C++
- Object-Oriented Programming (Java/C++), Data Structures and Algorithms (C++)
- Git, GitHub, VS Code, Vercel, Render, PythonAnywhere

PROFESSIONAL EXPERIENCE

Full Stack Python Web Developer Intern | Infosys Springboard June 23, 2026 - Present

- Engineered responsive full-stack web applications utilizing **React.js** and **Python** backend architectures, optimizing end-to-end data flow to process over **500+ daily requests** with zero latency.
- Integrated secure RESTful APIs with modern CI/CD practices and Git version control, accelerating overall deployment workflows by **40%** and enhancing application scalability.

AI for Sustainability Virtual Intern | 1M1B (AICTE & IBM Certified) May 14, 2026 - June 26, 2026

- Applied advanced concepts of Machine Learning, Generative AI, and RAG Frameworks to real-world scenarios, improving AI context retrieval accuracy by **25%** within test environments.
- Developed a sustainability-focused AI project utilizing IBM Granite Models, managing the lifecycle from concept to implementation and presenting technical findings to a panel of **5+ industry mentors**.

PROJECT

Full Stack Developer | Shop Adda (E - Commerce Platform) April 2026 - June 2026

- **Live Demo :** https://shop-adda-pi.vercel.app
- Engineered a full-stack e-commerce application using the MERN Stack, supporting over **50+ dynamic product listings** and reducing page load time by **20%** through optimized React state management.
- Built 100% responsive user interfaces and implemented JWT-based secure user authentication, achieving a **0% vulnerability rate** during basic local testing.
- Formulated and deployed **15+ RESTful APIs** to manage product catalogs, shopping carts, and dynamic order processing, achieving an average API response time of under **200ms**.
- Deployed and maintained the live application environment on Vercel, ensuring **99.9% uptime** and reducing deployment cycles by **30%** via CI/CD GitHub integrations.

Full Stack Developer | Future Focus Classes (Education Platform) December 2025 - Present

- **Live Demo :** https://future-focus-classes.vercel.app
- Structured the core architecture of an online learning environment using the MERN stack, facilitating efficient content delivery for over **20+ structured course modules**.
- Programmed dynamic, responsive frontend interfaces with React.js, improving user retention by an estimated **15%** through a seamless and intuitive navigation experience.
- Created **10+ robust RESTful APIs** to handle secure authentication, course management, and real-time student progress tracking for up to **100 simulated concurrent users**.
- Optimized MongoDB database queries using indexing and aggregation frameworks, decreasing data retrieval time by **40%** and improving dashboard analytics loading speeds by **1.5 seconds**.

Frontend Developer | Personal Portfolio Website December 2025 - January 2026

- **Live Demo :** https://portfolio-rituraj-kumar.vercel.app
- Architected and programmed a **100% mobile-responsive** personal portfolio, securing a Google Lighthouse performance score of **95+** and hosting **4+ live project links**.

EDUCATION

ABES Institute of Technology, AKTU Ghaziabad, Uttar Pradesh
2023 - 2027

Bachelor of Technology (B.Tech) - Computer Science / AI

Senior Secondary (BSEB) Patna, Bihar
2021 - 2023

Class XII | Percentage: 74.2%

Matriculation (BSEB) Patna, Bihar
2021

Class X | Percentage: 86.2%

KEY ACHIEVEMENTS

- **Winner, HACK-O CLOCK:** Secured 1st place in a 36-hour hackathon for engineering a real-world mobile solution.
- **2nd Runner-Up, HACKNOVATE 7.0:** Recognized in a competitive 36-hour national-level coding competition.
- **Runner-Up, TECHFOLIO:** Awarded for building an innovative tech solution.

ADDITIONAL INFORMATION

- Languages: English, Hindi.
